

DuraPAC H2

The DuraPAC H2 adds an additional display to one of our most popular products - the DuraPAC. For certain applications, your average single display poses certain limitations. Because of this, we created the DuraPAC H2, which provides 2 17.3" full HD displays while still maintaining its compact stature.

This computer weighs approximately 20 pounds. It's light. Its compact. It also comes with the latest Intel® CPU and 4 full-length expansion slots to provide you with a powerful computer that can be customized toward your specific needs. Aimed toward the media and broadcasting market, It has been elegantly designed to give you a powerful computer with colorful displays.

DuraPAC H2 Specifications
