

MegaPAC L2

This portable workstation, called the MegaPAC L2, is ideal for many professional works that involve 4K display, including but not limited to 3D rendering, post-production processes, and professional photography.

A powerful portable workstation for the most visually intensive tasks, the MegaPAC L2 features two 24" monitors at 4K resolution or 1080p. It simply delivers uncompromised performance for today's video and graphics heavy applications, such as 3D CAD Design Software SolidWorks®, Final Cut Pro®, and many others.
